**Press release**

**Extension of Frame Agreement with Det norske Oljeselskap ASA**

We are proud to confirm that Gefion Nordic Norway AS has extended the existing framework agreement with Det Norske Oljeselskap ASA by 1 year, valid for 2016.

The framework agreement includes delivery of specialist- and consultancy services within in-house drilling support and offshore drilling supervisors and technical main competencies to Det norske Oljeselskap ASA within well control and technical operational support.

On the Norwegian continental shelf and globally, Gefion Nordic Norway AS delivers resources for special services to the oil industry within drilling and wells offshore & onshore, drilling supervisors, well intervention, integrity, well control and HPHT surveys as well as rig intake & commissioning and start-up of operation phases.

In cooperation with Nordic HSE Group AS, Gefion Nordic Norway AS covers moreover the whole range of services within offshore HSE.

Yours sincerely
