

Flydag & Hafrsfjorddagen 2016

As proud sponsor of the event, we had the pleasure to visit this fantastic classic air show in Sola.

It was a beautiful day with the most amazing flight shows and over 8500 visitors!

Classic planes as Spitfire, Mustang and others, did performance flights above our heads and filled the air with not only great sound, but also the smell of pure brutal muscle power, and brought smile on the face to all visitors – young as old !!

We at Gefion Nordic Norway congratulates the whole staff, who made all this possible, and will be happy to join in on this event again next year!
