

## **Aker Energy AS and Gefion Nordic Norway AS signs contract for hiring personnel**

Gefion Nordic Norway is proud to announce that the company has signed a contract with Aker Energy AS for hiring personnel to provide Gefion Nordic Norway's services.

The contract includes Gefion Nordic Norway's services within Senior Offshore personnel, internal drilling optimization support, Well Control and HPHT survey & courses, rig intake, commissioning, survey and FAT of drilling rigs and equipment, as well as HSEQ services and support.

Gefion Nordic Norway considers Aker Energy AS a visionary company, welcoming new ideas, and with a strong focus on safe, secure and sustainable operations.

We look forward to provide our services to Aker Energy AS, contributing to future operations in an efficient and safe manner and work together towards our common goal.

In collaboration with our alliance partners, Gefion Nordic Norway AS offers a wide range of global offshore industry competence – from project planning to first oil. Gefion Nordic Norway AS can cover all the needs of our clients – from individual tasks to complete well management.
